

Helping you to create Melody Bear's world

Melody Bear lives with you, her dance teacher. Melody Bear loves to share her activities, ideas, dreams, themes and stories with Milligan Bear and her friends at class. As students grow older, Melody Bear's classes reflect this as she too takes on new experiences and challenges.

As children start school, so too does Melody Bear and together they progress to the **First Ballet** class, dancing as ballerinas in the dance studio. Melody Bear loves to dress-up and dance as the fairy tale characters she reads about. Sometimes she invites her friends through her secret garden gate into an enchanted kingdom of fairies, squirrels, mice, flowers, silken cobwebs and summer picnics.

In the **Melody Movement** classes, children share in Melody Bear's everyday life activities; playing in her toy room and garden, going to pre-school, visiting relatives and the park, shopping, birthday parties, holidays and bedtime stories to name a few!

Foundation Ballet consolidates the skills learnt in the Melody Movement and First Ballet syllabi with Melody Bear's set ballet exercises and themes, culminating in the Graduation Ceremony. Melody Bear shares her hobbies with her friends and her journey on a flying carpet around the world adds a sparkle of magic to the class.

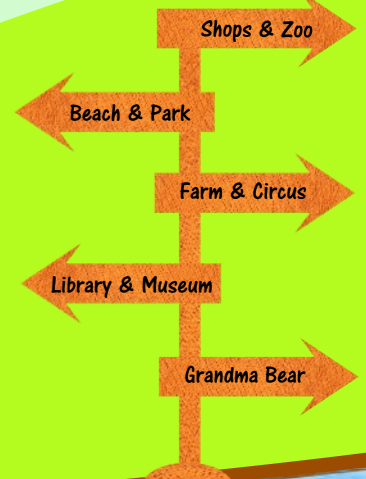

First Tap & Modern runs alongside students' first year at school. Melody Bear loves to practice her counting with her 'Dot to Dot' tap. The 'Jelly Walks' remind her of birthday party fun with friends from school. Melody Bear has perfected her moves when she progresses to **Foundation Tap & Modern** and she is ready to dance in the Melody Bear Show!

The Little Bear Feet Syllabus is the first stepping stone in the Melody Bear Curriculum as Melody Bear travels to Nursery Rhyme Land to sing and dance with her nursery rhyme friends.

Melody Bear's Tip Tap Toe & Groovy Moves Fun Bus takes children on a journey through Melody Bear's town; stopping at the music, number, rocket and tap dancing stops for fun and games.
